

# Our Future History Now

The Callaway Courier's first in a series of portraits of our community sheltering in place or keeping vital services going as a means of flattening the curve during the COVID-19 pandemic. This will be a historical record of everyday people doing the best they can.

Snapshots of Callaway and Oconto residents weathering the COVID-19 storm for posterity

Shirley Trout (right) with son, Wes, and grandchildren Fiona (3) and Finnian (21 months) at a ranch off Ryno Road.

Marcia and Bob Keeney with Braydon, and Jake the dog at their home in Callaway.

Cayla Loveland of Oconto with children Chloe (2 months) and Jason (4).

Jim and Julianna Jenkins family off Ryno Road, I-r: Front — ranch dogs, Whitney Jenkins, Julianna; Back — Jim, Liz Esche, Peter Jenkins, Ingo Albrecht.

The Mike and Karen Weverka family, I-r: Savannah (21), Mike and Karen, Mya (16); Front — the family dogs Brooklyn, Stempy and Millard.

Deplichans, Egglestons and Devlins of Oconto, I-r: Jody Deplichan, Dick Eggleston with Stormy Deplichan (14 months), Linnea Eggleston, Liz Devlin and Tony Deplichan.

Cecelia Stallbaumer of rural Oconto.

Ron and Iona Pflaster of Oconto.

Donny Marshall of Oconto with children James (5) and Camden, with dogs Artie Bugs and Charlie Buckets.

Bill Hinman of Callaway.

LPN Sherry Kennedy (masked) of Callaway quarantines in the family camper. She is visited by husband Tom Kennedy Jr., daughter Darcie, and the family dog.

## Introducing Telehealth!

Connect with your provider with a video phone call

- For acute illnesses, routine visits, chronic conditions such as diabetes, followup care.
- Assists in carrying out routine visits outside the clinic, especially during COVID-19 pandemic isolation need.
- First, call our clinic at 836-2294 to visit with a nurse who will assist to see if a telehealth visit is the correct option.
- If so, the nurse can then help you schedule a telehealth call with your provider for diagnosis and follow-up care
- Provider can schedule a clinic visit for a closer look by conducting an examination and tests as needed
- Our number one priority remains to provide exceptional healthcare you can depend on.
